Subject: Changes to our company names and visual branding

Dear Valued Customer:

We're contacting you to inform you that we are in the process of changing from Biocompatibles, Inc., doing business as BrachySciences, Advanced Care Medical, and World Wide Medical Technologies, to Biocompatibles, Inc. This follows our acquisition by BTG earlier this year and a decision to simplify and rationalize our company names and branding.

Your business is important to us so please be reassured that this change will not affect the availability or supply of our products in any way. Our existing sales and customer service team will continue to provide you with the dedicated service to which you have grown accustomed. You may also continue to use the same telephone and fax numbers to reach us, however the format of our email addresses will change to: **firstname.lastname@biocompatibles.com**.

If you have any questions please do not hesitate to contact us at 866 314 8146 or 203 262 0571 and we will respond promptly.

Sincerely,

A handwritten signature in black ink that reads "J. Matons".

James Matons
President, Biocompatibles, Inc.
